A VOICE FROM THE PULPIT.

Rev. Jacob D. Van Doren, of 57 Sixth street, Fond Du Lac., Wis., Presbyterian clergyman, says: "I had attacks of kidney dis-

orders which kept me in the house for days at a time, unable to do anything. What I suffered can Lardly be told. Complications set in, the par-ticulars of which I will be pleased to give in a personal interview to any one who requires infor-mation. This I can conscientiously say: Doan's Kidney Pills caused a general im-

provement in my health. They brought great relief by lessening the pain and correcting the action of the kidney secretions.

#### BLOOD WILL TELL

A THEORY SUPPORTED BY FRESH, CONCLUSIVE EVIDENCE.

Recent Instance Proves That a Woman's Happiness Is Largely Dependent on the State of Her Blood.

When the blood is disordered every organ of the body is affected unfavorably and fails to discharge its functions properly. In the case of every woman nature has made special pro-vision for a periodical purification of the blood, and so long as this occurs her health and spirits unfailingly reveal the beneficial results. So slight a cause as a cold or a nervous shock may produce a suppression of this vital function, and until it is restored she is doomed to misery. The remedy that has proved most prompt and effective in all disorders peculiar to the female sex is that which brought such great relief to Miss Mattie Griggs, of No. 807 Indiana street, Lawrence, Kansas, concerning which she speaks as follows:

"In the winter of 1902, from some unknown cause, there was a cessation of functions peculiar to my sex for a period of four months. I became very weak and could not get up stairs without help. I had nausea and pain and a constant headache, I was under the care of a physician for three months, but he did not succeed in curing me. Then a lady friend told me about the merits of Dr. Williams' Pink Pills which she had used in her famlly, and she induced me to try them. was in May when I first began to use them, and in June I had fully recovered my health, and have since remained perfectly well."

In all cases of delayed development of young girls; in anemia or weakness due to impoverished blood and showing itself in pallor, lack of ambition, despondency and nervousness; also in the great constitutional disturbances attending the period known as the change of life, Dr. Williams' Pink Pills are invaluable for women, whose health is always closely dependent on the state of the blood. They are sold by all druggists. A booklet of valuable information relating to the care of a woman's health at all important periods, and entitled "Plain Talks to Women," will be sent free in a sealed envelope to any one who chooses to write for it to the Dr. Williams Medicine Company, Schenectady, N. Y.

TWO GRACES HELD SUFFICIENT.

Third Was Sawed Off by Order of Prejudiced Stage Manager.

"That's a cheerful trio," said Charles Walter Brown, author of revo-lutionary hero biographies, to his brother-in-law, William Evarts, actor. 'Yes, three graces, so to speak," eturned Evarts.

They were on a Van Buren stree car and passing some kind of a medi-cal shop where three skeletons in the window seemed to be quite happy together. The grim relics accorded with Sidney Smith's friend's idea. who wished in hot weather that he could take off his flesh and let the cool breezes whistle through his

"Reminds me," continued Evarts of a manager I once knew who had some dealings with the three graces. A star was going to act in my friend's theater, against whom he was perhaps prejudiced. In the play was a scene in which the three graces were to appear as a set piece under an arch. The set piece was too wide for the arch, and the stage carpenter went to the manager for advice. The carpenter told the manager all about tne situation and said that the star was insistent about the three graces.

"Never mind him," said the manager. "You saw off one of them graces and set two under the arch. Two graces is enough for him, anyhow." Chicago Record-Herald.

Inc Dying Skeeter.

She was just a widowed skeeter,
But she'd done the best she could,
And her 89,000,000 children
Sadly round her deathbed stood;
And they sobbed to see her passing,
Deeply, dutifully, too.

As in unison they nurmured,
Bz-z-z-z, buz-z-z-it! buz-z-z-it! buz-o-ol The Dying Skeeter.

"Children," said the feeble mother,
"You are all I have to-day;
You are only 80,000,000,
And the world is cold and gray.
Can you find the luscious fever
Or malaria to chew
When my skeetlings have no mother?—
Oh, buz-z-it! buz-z--it! buz-o-o-o-ol

"See, my 80,000,000 offspring.

How unceasingly I've tried
To concur with Mr. Roosevelt's
Views on racial suicide;
Yet with kerosene they hunt me.
As they'll hunt my children, too—
Farewell!—thankless—world—forever—
I am dying—buz-z-z-z, buz-z-oo!"

And the 80,000,000 skeeters

Hand in hand together flew
Through the lonely Jersey marshes,
Swearing battle to renew.

"By the precept of our mother.
Brothers, let us die and do,
Leaving twelve quintillion grandsons—
Bz-z-z-z, buz-z-it! buz-o-o-o!"
—New York Commercial Advertiser.

Danger in Too Much Speed. Chauncey Depew credits one of his tatest stories to an employe of the Vanderbilt lines who once attended an old-fashioned camp meeting. The brethren and sisters were giving their experiences, each in the language of his own craft. First a sailor got up and told how he was going to heaven at the rate of twenty knots an hour, before a fair wind. He was followed by a railroad man, who told how he was on the way to heaven on a perfectly ballasted track, behind the newest type of engine, and was making sixty miles an hour, including stops. Finally, a decrepit old woman got up.

"Brothers and sisters," she said, "I have been walking there for the last twenty years, and my rheumatism is so bad that I can't walk very fast. But, brothers and sisters, let some of these fast goers look out or I'll get there first. They may bust their b'ilers if they crowd on too much steam."-New York Times.

His Specialty.

One of the stories attributed to Andrew Carnegie, dealing with the foi-bles and weaknesses of his countrymen, concerns an old Scotch lady who provided a Glasgow workman with a plentiful dinner-plentiful, that is, as far as the solids were concerned, woefully scanty in the supply of the national stimulant. The man's appetite did not seem to be up to the mark, and the old lady reproached him with his lack of ability as a trencherman.

"Aye, mem," he said; "it's ower true that I canna eat a muckle, but it wad do yer heart guid tae sae me drink."-

Japanese in Battle.

I saw two soldiers who were pretty oadly shot; one of them had at least three bullet wounds. The only thought of these men seemed to be to conceal their wounds. They hurried into the thick of the fray, and upon them was that thievish air which you sometime. catch in a bad boy or a man who is hounded—the air which seemed so ill at ease on the face of a Nippon soldier, and so striking, too, because so rare. There were frightened, these rellows who laughed in the face of death, lest they might be caught by the hospital corps.-Leslie's Monthly.

Pointer for Parents.

Miss Agnes Miller, of Chicago, speaks to young women about dangers of the Menstrual Period - how to avoid pain and suffering and remove the cause by using Lydia E. Pinkham's Vegetable Compound.

"To Young Women:—I suffered for six years with dysmenor-rhea (painful periods), so much so that I dreaded every month, as I knew it meant three or four days of intense pain. The doctor said this was due to an inflamed condition of the uterine appendages caused

this was due to an inflamed condition of the uterine appendages caused by repeated and neglected colds.

"If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them. Thank God for Lydia E. Pinkham's Vegetable Compound, that was the only medicine which helped me any. Within three weeks after I started to take it, I noticed a marked improvement in my general health, and at the time of my next monthly period the pain had diminished considerably. I kept up the treatment, and was cured a month later. I am like another person since. I am in perfect health, my eyes are brighter, I have added 12 pounds to my weight, my color is good, and I feel light and happy."—Miss Agnes MILLER, 25 Potomac Ave., Chicago, Ill.

The monthly sickness reflects the condition of a woman's health. Anything unusual at that time should have prompt and proper attention. Fifty thousand letters from women prove that Lydia E. Pinkham's Vegetable Compound regulates men-struction and makes those periods painless.

READ WHAT MISS LINDBECK SAYS:

"Dear Mrs. Pinkham: — Lydia E. Pinkham's Vegetable Compound has greatly benefitted me. I will tell you how I suffered. My trouble was painful menstruation. I felt as each month went by that I was getting worse. I had severe bearing-down pains in my back and abdo-

men.

"A friend advised me to try Mrs. Pinkham's medicine. I did so and am now free from all pain during my periods."—Jessie C. Lindbeck.
